

## JOVASI TECHNOLOGY LIMITED

# CYBER SECURITY SERVICES CHARITIES & PUBLIC SECTOR

Unlike the private sector - charities and private sector organisations usually can't justify the cost of enterprise grade IT systems & cyber defences. However, charities and other public bodies hold vast amounts of personal and financial data that is of interest to cyber criminals, with nearly 80% of breaches involving sophisticated phishing attacks.

**26%**

of charities reported a cyber attack in the last year

WannaCry attack cost NHS

**£110m**

in damages in 2017

**17%**

of charities using old & unsupported versions of Windows

Public sector cyber attacks

**125%**

higher than previous year

### Featured Services

#### Certification

We offer various cyber & information security certifications, such as ISO 27001, Cyber Essentials and IASME Governance.

- ✓ Accredited Certification Body
- ✓ Free Cyber insurance

#### Data Protection

Our data protection service helps protect your company's data assets inline with GDPR & the Data Protection Act 2018.

- ✓ Subject access request forms
- ✓ Data & consent registers

#### Network Security Scans

We scan your network and devices for weaknesses and vulnerabilities to minimise the risk due to cyber attacks.

- ✓ Custom vulnerability scans
- ✓ Remediation service available

### 5-Step Cyber Health Check

Our **5-Step Cyber Health Check** service has been custom designed to help **charities & public sector** organisations ensure that their IT systems are secure against a cyber threat and that their data protection measures comply with the requirements of GDPR. The service is completed with a Cyber Essentials certification and offers **free cyber insurance** to cover your organisation is attacked or suffers a data breach.

### Other Services
