JOVASI TECHNOLOGY LIMITED

CYBER SECURITY SERVICES

EDUCATIONAL SECTOR

With the amount and nature of data being held by educational establishments growing daily, and the lack of knowledge by school staff - there is a real threat of exposing school systems to a potential data breach or cyber attack. Cyber security should be high on the agenda for any establishment with a reliance on IT and online systems.

41% of attacks caused by social engineering attacks

Almost **2,000** cyber-attacks per week in schools globally

83% have experienced at least one successful cyber-attack

Education ranks as the least secure out of **17** industries

Featured Services
