CYBER SECURITY SERVICES SMALL & MEDIUM ENTERPRISES

While most large companies are becoming more aware of the realities of cyber attacks, many small and medium enterprises (SMEs) still have their 'heads in the sand', and a recent study found that a third of small businesses were using free, consumer-grade cybersecurity products (with over 20% having no endpoint protection at all).

40%

of SMEs reported a security incident in the last year

Over
1.3million

SMEs lack the skills to protect against cyber attacks

60%

of companies go out of business 6 months after a breach

Average cost of cyber attack is

£11k

to SMEs in UK

Featured Services

Certification

We offer various cyber & information security certifications, such as ISO 27001, Cyber Essentials and IASME Governance.

- ✓ Accredited Certification Body
- ✓ Free Cyber insurance

Data Protection

Our data protection service helps protect your company's data assets inline with GDPR & the Data Protection Act 2018.

- ✓ Subject access request forms
- ✓ Data & consent registers

Network Security Scans

We scan your network and devices for weaknesses and vulnerabilities to minimise the risk due to cyber attacks.

- ✓ Custom vulnerability scans
- ✓ Remediation service available

5-Step Cyber Health Check

Our **5-Step Cyber Health Check** service has been custom designed to help **small & medium enterprises** (SME) ensure that their IT systems are secure against a cyber threat and that their data protection measures comply with the requirements of GDPR. The service is completed with a Cyber Essentials certification and offers **free cyber insurance** to cover your organisation is attacked or suffers a data breach.

Other Services

IT & Data Protection Consultancy

Expert advice on your IT or Data Protection requirements

Business Continuity & Disaster Recovery

Prepare for the worst to ensure your business survives.

Vulnerability Scans & Penetrations Tests

Test your systems before the hackers do first.

Firewall Configuration & Review

Ensure your firewalls are configured securely.

About Us
