

# Virtual Services: DPO & CISO

**Do you require a Data Protection Officer or Information Security Officer?**  
**Do you have the budget to employ a dedicated member of staff?**  
**Have you considered a dedicated service that can offer all of these?**

Jovasi Technology's Virtual Data Protection and Chief Information Security Officer services are cost effective ways to deliver services without employing a dedicated member of staff.

## Virtual Data Protection Officer

By outsourcing the tasks and duties usually conducted by a DPO, you get access to expert advice and guidance that satisfies the compliance demands of GDPR, allowing you to focus on your main business activities.

- ☒ GDPR compliance certificate
- ☒ Subject access request management
- ☒ Customised data protection policies & forms
- ☒ Auditing of data processes
- ☒ First point of contact for the ICO
- ☒ Telephone & e-mail support

## Virtual Chief Security Officer

Allows your organisation to cost-effectively access strategic security experience and technical skills, gaining all the benefits without the capital expenditure (salary, hiring costs, sick pay, holiday pay and training costs).

- ☒ Review security architecture
- ☒ Business Continuity & Disaster Recover planning
- ☒ Onsite meetings
- ☒ Information security advice
- ☒ Review compliance documents & policies
- ☒ Telephone & e-mail support

## Features
