IS
INFORMATION SECURITY
ON YOUR AGENDA?

If not, then don't worry - you are not alone. It is estimated that over 50% of small & medium organisations don't consider information security to be a concern, and have no measures in place to protect them against a cyber or malware attack. Jovasi Technology can help you develop an information security strategy and put countermeasures in place.

34% of data breaches are done by internal staff

Data breaches exposed over **4 billion** records in the first half of 2019

62% of businesses experienced phishing attacks in 2018

Hackers attack every **39s** somewhere in the world
